Product Description

Product Descriptions*
Family Math Night Kits
All kits serve 120 K-5 students.
Family Math Night Banners
The banners represent each of the stations in the kit. They serve to guide participants and offer a professional feel to your event.
Family Math Night Booster Packs
Booster packs are needed when more than 120 students are expected at your event and serve an additional 120 students.
Take-Home Kits
These kits are available in English and Spanish and serve 120 students - 40 at the beginning level, 40 at the intermediate level, 40 at the advanced level. The Take-Home Kit levels are also sold separately. Custom orders for a specific number at each level can also be purchased. Call 1.800.605.5034 for customized quotes.
Power Packs
Dice games that teach parents strategies and tools to help their children build strong math skills. Each individual Power Pack comes with the Games and Strategies, pre-packaged game pieces and a colorful key binder ring. Power Packs can be bought as a complete kit that serves 120 K-5 students or by the individual level (40 students), classroom sets (20 students), or center sets (3 students). Custom orders also available. Call 1.800.605.5034 for custom quotes,
Visors
Great for your Station Facilitators. Participants can easily see who's running the station.
Promotional Banner
Great for promoting your event. Dry erase areas allow for customization. Banners can be used over and over.
Classroom Products
Hunting for Buried Treasure, grades 4 and up: In this fun and creative activity, students will be designing their very own treasure map. Cookie Fun, grades 2-5: Students will be designing their perfect cookie within the limits of a budget.
