## Design Your Own Spinner

PART 1: Prediction: If you spin the spinner 20 times, which color, red, green, or yellow, do you think will get spun the most times? Why? Use a paper clip and pencil as a spinner and test out your predictions. Record your results in the table.

| red |  |  |  |  |  |  |  |  |  |  |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| green |  |  |  |  |  |  |  |  |  |  |
| yellow |  |  |  |  |  |  |  |  |  |  |

PART 2: Design Your Own Spinner Use the ruler and crayons to design your own spinner. Look at the station banner for ideas, if you need. Then make a prediction about the section(s) you think will get the most spins. Test out your prediction by recording your results in the table below.

| red |  |  |  |  |  |  |  |  |  |  |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| green |  |  |  |  |  |  |  |  |  |  |
| yellow |  |  |  |  |  |  |  |  |  |  |
| blue |  |  |  |  |  |  |  |  |  |  |
